

SUNDOWNING

Hi, Matty, it's Dad, I'm just giving you a call to find out if you are d— if you're picking me up today at, uh, three... or Doug is picking me up at tee, at three. 'Cause I don't know who... who got assigned... but you can call me back on my cell at six one seven eight three four seven five oh seven. And let me know... what the story is.

Hi, honey, it's Dad, you just... pulled out of the driveway when we pulled in... um, I'm gonna be home, and it's gonna be... just you and I over the... Uh, Doug's gonna be here 'til about eight thirty today, and then it's just you and I for the... weekend. So give me a call and I— so we can talk.

Honey, you just pulled out just as we pulled in, and I wanted to talk to you for a minute about, uh... our weekend, so, uh, give me a call.

Hi, Matty. Uh... just, when you get a chance, give me a call and let me know when you might be home and what you'd like to do... um... You know, I b—we're just gonna, I think j— j— I'm glad it's just us s— staying here together, and Mom didn't push somebody else... to have to stay with us... so, um... you know, I think you said you'd be home in half an hour, an hour or something like that— *[Phone rings.]*

Hi, Matty, it's Dad, I was just checking in, just... in terms of timing, is, uh... how long you were gonna g— be gone, and when you're coming home, so I can figure out... our dinner plans for us. So, uh, give me a call when you get a chance.

Hi, honey, g— it's Dad. Give me a call when you... think you might be home and... when you might want to have dinner... and stuff like that. Okay? So, uh, I'm home.

Hi, Matty, it's Dad, I'm just giving you another call, I'm sorry I'm having so much trouble getting in contact with you, it's almost four o'clock now, I've been calling you for over... half an hour, so... Anyway, when you get a chance, I'd love to talk to you... find out what's going on, when you might be home... So, uh, give me a call at home... And, um.... looking forward to seeing you.

Hi, Matty, it's Dad, hope you're doing well. I was just calling to find out if Mom had told you that he, she had... asked, uh... Doug to come over and do some, some construction on our front porch, because I didn't know anything about it, and I come out there and these... sawhorses are out there, so... you know, I was just... checking in on that, so... Give me a call and let me know... if you know anything about that. Thanks.

Hi, Matty, it's Dad, I hope you're good. Um, I was just wondering if Mom had told you that she had called to have some work done on our front porch roof... um, 'cause, I hadn't heard anything about it, and then all the sudden... there are these sawhorses sitting out there, so I wondered if you had any... knowledge that that was going to happen. Anyway, if you could give me a call and let me know... if Mom told you anything or s— prepared you or anything like that or it's j— if she had just talked to, uh... the construction guy. Um... would be helpful to, to... hear from you. Okay? Take care.

Hi, Matty, this is Dad, I hope you're good. Um, I'd like to ask you a fav—

Hi, Matty, it's Dad. *[Laughs.]* Uh, Don and I are gonna take a walk, I was just wondering where you got the idea... uh, that we should take a walk around the block. Did you already do that or, uh, where did that come from, so... let me know.

Hi, Matty, it's Dad. I just wanted to thank you for, uh, giving me the idea for Don and I to take a walk around the house... Um, one thing is I noticed you washed the clothes, thank you very much for doing that, do you know where the soap suds are that you used to wash them... 'cause I think I want to wash the shirt that I have, so... Uh, if you know where that is, give me a call. I'm home.

Hi, Matty, it's Dad, I'm calling about five to five, um... Can you give me a call and please... let me know where you put the soap suds that you wash things in? Because I want to wash the shirt that I have on... by HAND, not in a MACHINE, so, uh, if you can give me a call th— I'm home, and I'd appreciate it.

Hi, Matty, it's Dad giving you another call to try and find out, uh, where you put the washing... liquid... for... washing shirts and stuff, um... I appreciate that you did laundry, but I need to do the shirt that I'm wearing... and I can't find where the liquid is, so... give me a call, I'm home.

Hi, honey, it's Dad, um... I'm calling back again 'cause you never r— replied to my message about where you put ch— th— you put the soap suds so I can wash my shirt. So if, if you get this message, please call me and let me know where, where the soap suds are so I can wash my shirt. Thank you.

Hi, Matty, it's Dad, I just want you to know that the cleaning lady is here, so if there's anything that you don't want her to touch, uh, give me a call and let me know.

Hi, Matty, uh, it's Dad, um, ho— um, hope you're doing well. It's about a quarter after four... Um, I'm just giving you a call because, uh... when Doug came over, he was kind enough to bring a new movie of James Bond called *Skyfall*... which is a two-hour movie, I don't know if you have any interest in seeing that, but, if you do, give me a call and let me know... when you might be home... so that we co— we'll, we'll hold on... 'cause... you know, um... if, if you're not going to be home or if you're not interested, we'll just watch it pretty soon, but if... you're interested and... you want us to wait for you, um... you know, if you're gonna be home by... six or seven o'clock or something like that... 'cause Doug needs to be, be able to go home, then, uh, you know, then we'll h— hold the movie 'til then, so... Give me a call at home and let me know what's up.

Hi, Matty, it's Dad, hope you're having a nice day. Um, the cleaner came and cleaned our house, so your room's all nice and neat... Anyway, I'm just calling to... ask you what you want to do about dinner, 'cause I... don't think we have anything, really... for you and I to eat, so... um... if you want to pick something up... that you think would be good f— to cook for us... uh, that would be great. And... I look forward to seeing you. I hope you're doing well.

Hi, sweetie, it's Dad. It's about, uh... four thirty, and I'm just giving you a call to say hello, and, uh, tell you the house cleaner came and cleaned our house, so it looks very nice... And, uh, to ask you to think about, uh, what you would like to do for dinner. You know, um, I don't think we have anything here, so if you would like to cook something for dinner... you know, uh, I would buy it on the way home, so... *[laughs]* you and I can eat together. And I hope you're having a great day.

Hi, Matty, it's Dad, I hope you're doing well. I got a question for ya, I, I went to the bathroom and I can't find my black comb, so I'm wondering if you have any idea where it is. And if you do, could you please give me a call at home and let me know. Thanks, sweetie.

Hi, sweetie, I hate to bother you with this garbage again but I just wanted to make sure that... you had some clarity about it... The... old black comb that was in the guest bathroom... was lost or broken by the maid. I don't th— you weren't, the maid was here when you, you were still in California. So, uh... she apologized that she lost it, for it, and... you know, since it was just a comb, I didn't charge it for her, but that's where that extra black comb disappeared with... when, when we had a maid... So, um... the one that's in our bathroom, the black and the brown, are both my phones. My combs. *[Laughs.]* Phones... *[Laughs.]* My combs. So I just wanted you to understand it, and if you need to have a, a comb, I'm happy to buy you one. So... But those two are both mine and I, and I use them both. Okay? So. Hope that's clear.

Hi, hi, Matty, *[laughs]* sorry about all this confusing stuff about... stupid comb and stuff. Anyway, um... Doug and I are gonna watch *Skyfall* tonight... um... from six to eight, but Doug is also... uh... willing to leave... the CD for you to watch, if you want to see it, and pick it up Friday when I see him. So, uh... let me know... whether... that's something that you want me to do.

Hi, sweetie, I'm sorry to bother you w— with this garbage, but I just wanna... clarify something and set some... guidelines for us, um... First of all... that old black comb that used to be in the other bathroom, the maid... lost or broke. And she apologized for it, she was going to pay me for it, but I said, uh, "No, don't bother." But... I have a black comb and a brown comb, I keep them in the bathroom... and... with ANYTHING like that, any of my, what things that seem to be mine... if, if you think that they're NOT, CHECK with me, PLEASE, before you put them somewhere else. Because I... just have... core things that I use all the time, I don't really have any extra things, except that I have a brown and a black comb. That's it. So... I, I don't want you moving my things around without checking with me first. Um... I'd appreciate it if you would respect that. And I love you very much, I'm not trying to criticize you, I'm just trying to... set some guidelines for us, that my stuff in the bathroom is my stuff and I keep it there... and it's not somebody else's and it's not to be moved. Okay? And, uh, when you come home tonight, we can talk about it. Also, uh... Doug was kind enough... I think I said this to you but I can't remember... to bring this new... James Bond... movie... and, um, we're gonna watch it tonight... at six. But he's... happy to leave it... for you to watch and pick it up next Wednesday or something like that 'cause that's when I see him, on Wednesdays. So, uh... you know, if tha— if it's something you're interested, to see this new James Bond... movie, let me know and I'll let him know.

Hi, honey, I'm sorry to bother you 'cause I can't remember if I said this to you when we were talking about a comb, but Doug was kind enough to bring in the new James Bond... movie... that, uh, we were planning to watch tonight, so if you have not seen it and you want to see it, please give me a call... and let me know that that's something you're interested in, and we'll wait to watch it 'til later tonight. Otherwise, we'll probably watch it in the next... next hour or so, so... let me know what's up.

Hi, honey, I just wanted to call you and thank you for... so that I could straighten this out, so it was clear that that was my phone. But the other r— reason I'm really calling you is... uh, Doug was kind enough to bring this James Bond, *Skyfall*, um... over... for me to watch and... um... so I was gonna watch it, but I didn't know if you've seen it... so, uh... if you get this message, uh, give me a call and let me know whether you've watched that movie and I, and I should not watch it, or I should wait until you come home and watch it when you're home. So, anyway, sorry for this... garbage, but, anyway... Give me a call and let me know... what I should do.

Honey, I just wanted to... clarify something with you so you know what happened... The comb that USED to be in the other bathroom... got broken by the maid. QUITE a long time ago. It's been gone for SEVERAL YEARS. And there's been NO comb in that bathroom. So my black comb is the only... comb in the house that belongs to me, and I also have a brown one in there. So if you need a comb, let's buy you a new one. And I'm happy to do that and pay for it.

Hi, Matty, it's Dad, *[laughs]* I'm just calling to see if you saw that unbelievable... Patriots win.... that they won in the last minute *[laughs]* of the game, so... Anyway... if you get a chance, give me a call and let me know if you, if you got to see it.

Hi, Matty, it's Dad, just trying to... trying you again, one more time, to see if I could... get in touch with you and talk about the... really wonderful Patriots win that we saw today, they won in the I— in the last minute... by, uh, three points, so... it's great... Anyway, hope you got to see it, uh, give me a call if you get a chance...

Hi, honey, it's Dad calling again, sorry I haven't been able to reach ya, I just wanted to talk to you about the wonderful... Patriot game today, I hope you saw it... um... they won, and... uh... they won at the, in the last couple of minutes, so it's really cool. Anyway, give me a call, let me know what's up, and, uh... what's the story in terms of, uh... dinner... since I'm assuming you're coming home for dinner, you said you were gonna be home at eight thirty, so, uh... look forward to seeing you.

Hi, honey, it's Dad, um... sorry I'm not getting you. Uh, I just wanted to talk to you about th— the wonderful Boston win today... and, um... Also, I want to know if you're gonna be home by eight thirty to cook me dinner... or... if I'm supposed to do something else, so... uh... I'd appreciate a call to let me know if you're gonna, if that's... gonna be happening.

Hi, honey, it's Dad, sorry to... call you again and bother you again, but in your note that you left on the table today, you said you'd be home by eight... and I need to know when y— you're gonna come home, and what I'm g— gonna do about dinner... because since you're with Rebecca, and you're not, uh, available... you know, I have to figure out something t— to do about eating, so... please call me and tell me... telling, tell, let me know what's up.

Hi, Matty, it's Dad calling again, it's about twenty after eight, you left me a note t— downstairs that you were gonna... be home by eight o'clock.... so, I need to know what's happening with dinner, so please give me a call at home and let me know what's up... whether or not you're coming home or not... and... am I gonna have to... figure out something for myself... Okay?

Hi, honey, it's Dad calling you again, uh, you had left me a note on the... message board... this morning that you were gonna be home at eight, and it's... twenty... seven after eight now, and I haven't heard anything from you, and I don't know what's going on with dinner, so please call me and... let me know what's happening, if you're coming in, or if I'm not eating.
